KRAB in Seattle and KBOO in Portland are non-commercial, non-profit, non-negotiable, non-sectarian, non-partisan, nonentity f. m. radio stations operating solely through the contributions of listeners. These contributions are unfortunately slight in the summer, and thus we are oft times forced to clog our non-commercial air with non-commercials appealing for money. We must apologize for this. The station folk would much rather spend the time improving the programming and operation of KRAB and KBOO, but it's hard to be artsy-craftsy when the uncivil servants are toying with the idea of leaving the garbage and taking the phone. So, we hustle, and you suffer. If you've sent us what you can and support the station, thank you. If you haven't supported us, all we can say is, please do. The subscription rates are relatively painless, tax deductible, and bring you program guides just like this one. Those rates are: 1 year, \$20 with a minimum of \$12, or a \$6 student subscription that lasts for nine months, like most students. And there you have another pitch. Sorry.
